

2018-2019 Household Size/Income Verification Form

Your 2018–2019 Free Application for Federal Student Aid (FAFSA) was selected for review in a process called verification. The law says that before awarding Federal Student Aid, we may ask you to confirm the information you reported on your FAFSA. To verify that you provided correct information, we will compare your FAFSA with the information on this institutional verification document and with any other required documents. If there are differences, your FAFSA information may need to be corrected. You and a parent whose information was reported on the FAFSA must complete and sign this institutional verification document, attach any required documents, and submit the form and other required documents to us. We may ask for additional information. If you have questions about verification, contact us as soon as possible so that your financial aid will not be delayed.

Print your name and student ID number in ink on all documents; please do not leave any questions blank. *Allow 2-4 weeks for processing after all documents are submitted.* Periodically check [Banner Web-My Info](#) for an award letter or status update.

Who is considered a parent?

"Parent" refers to a biological or adoptive parent. Grandparents, foster parents, legal guardians, older siblings, and uncles or aunts are not considered parents on this form unless they have legally adopted you. If your legal parents are living and married to each other, answer the questions about both of them. If your legal parents are not married and live together, answer the questions about both of them. In case of divorce or separation, give information about the parent you lived with most in the last 12 months. If you did not live with one parent more than the other, give information about the parent who provided you the most financial support during the last 12 months or during the most recent year you received support. If your divorced or widowed parent has remarried, also provide information about your stepparent.

*(Note: Dependency rules for financial aid are different than income tax filing status. Individuals born **before** January 1, 1995 are independent based on age. Independent students do not have to report information about parents. Individuals born **after** January 1, 1995, are dependent students **unless** married or have children they support more than 50%. Several other situations will allow a dependent student to be treated as independent for financial aid purposes.)*

Write the names of all family members. Also write in the name of the college for any family member who will be attending college at least half-time between July 1, 2018 and June 30, 2019, and will be enrolled in a degree or certificate program. If you need more space, attach a separate page.
